PAIRING & MULTI-PAIRING

1. Turn on the keyboard using the sliding switch on the side. While the blue pairing indicator light is illuminated, press and hold the Fn+C1 for 3 seconds. The keyboard is in pairing mode while the blue indicator light is flashing.

2. Power on the device that's being paired to the keyboard, navigate to settings/system preferences and select Bluetooth. Make sure the device is discoverable.

3. In the Bluetooth device searching list, select "Limitless Keyboard" to connect.

4. Once connected successfully, the keyboard is ready for use.

5. Repeat the steps to pair an additional device. Hold Fn+C2 in Step 1 while pairing the secondary device.

SWITCHING BETWEEN DEVICES

Switch between paired devices by selecting the appropriate assigned Bluetooth key – "Fn+C1" or "Fn+C2".

The keyboard can pair up to 2 different Bluetooth devices.

Note: The time between switching devices will take approximately 2-4 seconds.

LOW BATTERY REMINDER

If the blue indicator is flashing, please use the included Type-C charging cable to charge the keyboard. While charging, the light will illuminate red. The light will turn off once the keyboard is fully charged.

POWER MANAGEMENT

The keyboard will go into sleep mode after 20 minutes if it is not in use while powered on. Press any key to wake up the keyboard. It will take 3-5 seconds to reconnect to the device selected.

TOUCHPAD ACTION KEY

WINDOWS, iOS, ANDROID
